

Heat Family,

I know this is a bit late in coming and for that I apologize. I want this note to do two things, Firstly to say thank you to all of you for accepting me and my family into your Club. Secondly, I feel both on the competitive and the recreation side we made huge strides in taking the club that we all believe in to the next level. With the help of a few "underpaid" volunteers my job was made easy in taking this club forward. I hope sincerely that the club will keep moving forward and expanding and become the premier soccer club in the TRI-Cities. There are the people in the club to be able to achieve this goal it is just a case of EVERYONE working together and to have an agreeable goal. With the resources (people wise) that you have; these need to be used but also remember to put your fair share in as well, I am not sure some people realize how much work goes in to organizing what goes on during the season.

Once again I wish to you all the best and hope to see HIGHLANDS HEAT bigger and better in the future, and to keep growing,

Yours in Soccer,

Aly Joslin
